WELCOME

Dear Valued Guest,

It is with great pleasure that we welcome you to Chedi Al Bait, a true heritage boutique hotel nestled in The Heart of Sharjah.

At Al Bait—meaning "The Home" in Arabic—hospitality transcends words, unfolding instead through presence, heritage, and the quiet luxury of authenticity. More than a sanctuary, Al Bait is a distinguished retreat where timeless traditions meet contemporary elegance. Here, every detail is purposeful, every interaction imbued with grace, crafting an experience where ease and familiarity settle in naturally. Whether a first-time guest or a returning visitor, each arrival feels less like travel—and more like a graceful return to where you truly belong.

Here, the vibrant tapestry of history, arts, and culture merges to create a memorable and immersive experience. During your stay, you will experience a unique opportunity to step back in time, walking in the footsteps of those who have shaped this land for over a century.

Each of our 7 meticulously restored heritage homes, dating back over a century, reflects Sharjah's rich history and craftsmanship. Preserved under the guidance of UNESCO and Sharjah Investment and Development Authority, these homes offer a timeless connection to the emirate's cultural heritage. At Chedi Al Bait, every stay is part of A Voyage Unbound—a journey of discovery, meaningful connections, and memorable experiences in the Heart of Sharjah.

We highly encourage you to explore the nearby treasures of the city, including our Library and Hotel Museum, the Sharjah Islamic Civilization Museum, the Sharjah Art Museum, Souk Al Arsah, Souk Al Shanasiyah, Bait Elowal, Sharjah Art Foundation, and the Rain Room Sharjah, all just a short 10 to 15 minutes' walk from the hotel.

As part of your journey, we invite you to savour in a memorable dining experience. Delight in exquisite Arabic and International flavours at The Restaurant, where each dish is crafted with passion and the finest ingredients, or delight in the bold and refined Asian offerings at NoMaNi Restaurant, featuring a sophisticated blend of Korean and Japanese cuisines. Every meal promises to be a celebration of taste, perfectly complementing the cultural richness of your stay.

We also invite you to discover House 49 – Courtyard Café, nestled within the historic Serai Wing - Bait Khalid Bin Ibrahim. Thoughtfully restored, it blends heritage with contemporary elegance, offering inviting indoor spaces and a serene courtyard for coffee, meaningful conversations, and moments of tranquillity in the Heart of Sharjah.

HISTORY

The Heart of Sharjah: A Living Legacy of Culture and History

The Heart of Sharjah is a captivating tribute to the Emirate's rich cultural heritage. This meticulously restored district transports visitors back in time, offering a glimpse of life in the 1950s while fostering a modern-day renaissance. Spearheaded by the Sharjah Investment and Development Authority (Shurooq) in collaboration with cultural institutions, the restoration of this historic area serves as a cornerstone for preserving the traditions that have shaped Sharjah into the cultural beacon it is today. The Heart of Sharjah, has been proposed as a candidate for UNESCO World Heritage Site status.

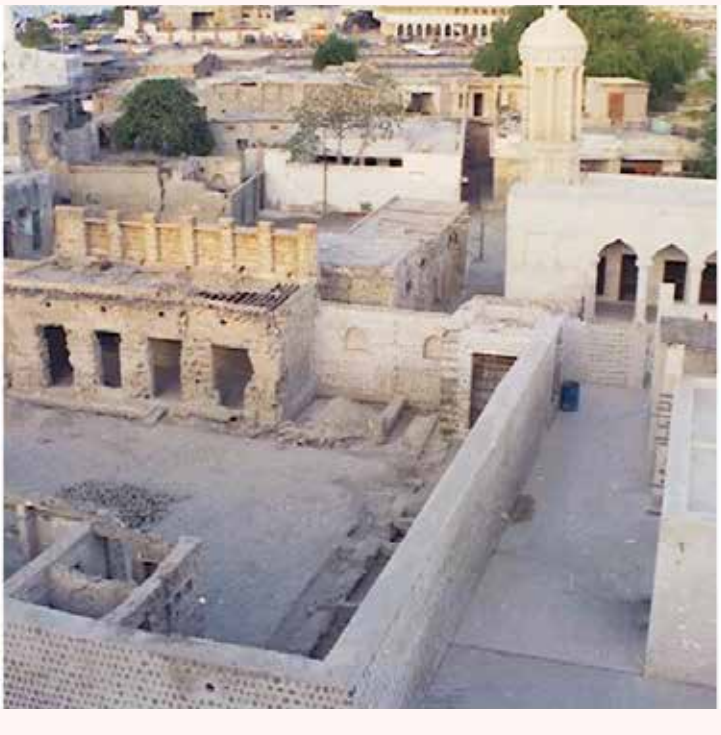

At the center of the Heart of Sharjah stands the iconic Sharjah Fort, a fortress made from traditional rock, coral, and adobe, originally built in 1820 by the then ruler of Sharjah. It holds a prominent place in the city's history, offering insight into Sharjah's military past. While only one tower remains, it has been restored as part of an ongoing effort to preserve Sharjah's cultural heritage. The fort's restoration was completed in 1997, and it continues to be a must-see for anyone visiting the city.

Amidst this historical destination lies Chedi Al Bait, a luxury hotel that blends the timeless beauty of Sharjah's heritage. The hotel itself is more than just a place to rest—it is a living museum that allows guests to immerse themselves in the region's architectural and cultural narrative. Among its most remarkable features is Bait Ibrahim Mohammed Al Midfa, the former home of Ibrahim Bin Mohammed Al Midfa, Sharjah's first journalist. This iconic building, which is over 100 years old, is a true gem, showcasing the city's unique architectural ingenuity—especially the circular barjeel (wind tower), the only one of its kind in the UAE.

Once home to thinkers, poets, and political figures, Bait Ibrahim Mohammed Al Midfa played a vital role in the intellectual and journalistic movements of the region. The house's Majlis (gathering hall), now part of the Café at Chedi Al Bait, continues to echo the ideas that once shaped the Emirate's cultural and literary landscape. Guests can walk through this historic home, discovering personal items belonging to Al Midfa, and gain a deeper understanding of his lasting influence on Sharjah's press and public discourse.

For those seeking to uncover more of Sharjah's fascinating past, the Heart of Sharjah is a treasure trove of must-see destinations.
